Student Awareness Program -09

Alcohol Student Awareness Program (ASAP) (29TH August, 2009)

The gist of the program was to impart proper knowledge, that could help prevent an alcohol-related tragedy by knowing when to dissuade someone from driving, by not committing an alcohol related criminal act (such as driving while intoxicated) or by knowing what to do in the event of a potential alcohol-poisoning situation.

End Violence on Campus'-Anti-Ragging -09 aimed at student awareness

To End Violence on Campus Program was unveiled Thursday, 1st September-09, with the aim to raise awareness and reduce the number of incidents involving sexual assault, ragging violence. First, the program seeks to provide prevention education to first-year and incoming students, train Student Vigilance Cells, enhance student access to places such as Anti-Ragging Committee and foster collaboration across all entities involved.

"DRUG ABUSE & DEPRESSION"- Student Awareness Program 2010 –

16th September-09:

It is worth noting that drug awareness was spread among the student community about the health risks leading to: increased risks of developing certain cancers, depression and more severe

mental health problems; brain damage; vascular disease. The social risks were also highlighted that had far-reaching effects and include: financial difficulties effects on family, friends and the wider community. Like depression, alcohol and drug abuse is serious. Fortunately, it is also treatable and the key to treatment is to recognize the symptoms and to get help.

"PROBLEM DRINKING & PARTYING": —Student Awareness Program-2010

A workshop for students was successfully conducted with the participation of 200 students on 11th March 2010.

During the workshop students were able to gather knowledge on. :

1. Identifying outcomes;
2. Gaining administrative and student support;
3. Balancing personal acceptance and task in the planning committee;
4. Length of awareness program;
5. Preparing small group facilitators;
6. Building a margin of safety;
7. Assigning roles to students and staff;
8. Commitment of presenters;
9. Using local resources and adding variety to the format through a two and half hour practical session with Dramas & Skits were conducted in the Seminar hall.

Programs and Policies That Make a Difference:

The following are examples of the strategies we have implemented that can have a positive influence on the campus culture regarding alcohol and other drug use:

Working with local communities to ensure that alcohol is not served to minors or to

intoxicated students; Strengthening academic requirements; Scheduling classes on Fridays (This strategy emphasizes the importance of academics and discourages the alcohol-fueled partying that may occur on Thursday nights if students do not need to attend classes on Fridays);

Keeping the library and recreational facilities open longer hours;

Eliminating alcohol-industry support for athletic programs (Accepting such funding can be seen as sending a mixed message to students);

Restricting alcohol promotions and advertising on campus and in campus publications, especially promotions or ads that feature low-cost drinks;

Providing a wide range of alcohol-free social and recreational activities;

Disciplining repeat offenders and those who engage in unacceptable behavior associated with substance use;

Notifying parents when students engage in serious or repeated violations of alcohol or other drug policies or laws.
